Dear Falun Dafa Practitioners,

On behalf of the Borough of Roseland, I would like to wish everyone who is celebrating World Falun Dafa Day on May 13 a peaceful, compassionate, and also a celebratory day – as this year marks the 30<sup>th</sup> anniversary of Falun Dafa.

The first Falun Dafa Day was taught in 1992 and aims to teach about the importance of health in mind, body, and spirit as well as extoling the virtues and principals of truthfulness, compassion, and forbearance. We hope that everyone who practices Falun Dafa celebrates the day by teaching and informing others about the values of the Day, as well as taking part in meditation, exercise, and expressing love and kindness for one's fellow man.

Roseland welcomes people of various faiths, practices, and traditions to our community and we would love to help host any potential event in our Borough in the years ahead.

Sincerely,

*Mayor James R. Spango*
